To the EUROSAI WGEA members and invited guests

Dear Colleagues,

The Auditor General of Norway, as Chair of the EUROSAI Working Group on Environmental Auditing (WGEA), and the Auditor General of the Republic of Cyprus are pleased to invite your Supreme Audit Institution to the 10<sup>th</sup> annual EUROSAI WGEA meeting at Ayia Napa, Cyprus. The meeting will be held 23-25 October 2012. Prior to the meeting, on Monday 22 October, a training seminar on Auditing Forests will be held. The training seminar will be based on the INTOSAI WGEA Forest Guidance. As project leader of the guidance, the SAI of Indonesia has kindly offered to hold the seminar.

The main topics of the meeting are sustainable development and data in environmental auditing, which are wide and challenging audit issues. These topics are considered of great current importance, and are in line with the EUROSAI WGEA Work Plan and the XX INCOSAI recommendations. We sincerely believe that the meeting will be a fruitful event, helping us in increasing our knowledge on these topics and sharing experiences in the field. We are very pleased to inform you that experts from the European Commission-DG Environment, the European Sustainable Development Network, the University of Twente, and the European Environment Agency, have confirmed their participation as keynote speakers.

Please find enclosed the preliminary programme, registration form, as well as some more detailed information on specific issues. Please return the completed registration form by **20 August 2012** to the EUROSAI WGEA Secretariat, at [euosai-wgea@riksrevisjonen.no](mailto:euosai-wgea@riksrevisjonen.no).
