

Call for SAI contributions

Active participation is crucial to the success of the Joint Conference. Your SAI is therefore invited to contribute by delivering a presentation, leading a discussion, organising an exercise or other inspiring activity to share experiences and ideas with colleagues.

For ECA's Biodiversity Conference, volunteers from SAIs are searched for to help **moderate discussion groups** on different biodiversity sub-topics (see on the Registration Form). For the 17th Annual Meeting of EUROSAI WGEA, we are calling for **presentations** of approximately 10 minutes about auditing biodiversity related issues. You are also kindly invited to communicate your interest to lead a discussion or be otherwise actively engaged at the Annual Meeting.

Feedback will be given well in advance of the meeting to those who have indicated their willingness to contribute via the registration form or e-mail.

Call for participation in the Poster Session and Visualization Challenge

A poster session is scheduled shortly prior to the Buffet Dinner on October 22nd at 18:00. You are invited to **share posters, hand-outs, reports, and any other relevant materials** related to the work of your SAI. Biodiversity-related items are naturally especially welcome.

Additionally, this year, a special focus will be placed on **visual content**. You are invited to use videos, graphics or any other visually effective illustrations in your presentation. Furthermore, participants are also invited to find impactful videos (e.g. on video sharing services such as Youtube) on biodiversity matters to be shared with other delegates. Best picks will be presented at various occasions throughout the Joint Conference.

Biodiversity is an area well explored through visual stimulation. Let's be creative and use the opportunity!

Practical information

Accommodation

The participants will be accommodated in the DoubleTree Hilton Hotel in Luxembourg. For information about this hotel and for reservation(s) for the event please use this link:
