EUROSAI
Working Group on
Environmental Auditing

Vision

The EUROSAI WGEA and its members share a commitment to use the power of public sector audits to leave a positive legacy for future generations by improving the **sustainable** management of natural resources and the environment, and the health and prosperity of the people of Europe.

The EUROSAT WGEA's vision *is to improve the management of natural resources and the environment in each country represented in the working group, and will* contribute to Europe becoming a leading region in public sector management of natural resources and environment. Through its activities, the EUROSAT WGEA aims to promote a spirit of cooperation based on integrity, open communication and professional excellence.
